

First Hong Kong Logistics Company To Win Internationally Acclaimed Asian 3PL of the Year Award

Hong Kong – 19 December 2011

Kerry Logistics won the “Asian 3PL of the Year” award at this year’s prestigious Supply Chain Asia Logistics Awards event. It is the first time for a Hong Kong logistics company to win this internationally acclaimed award.

Kerry Logistics is also the only Hong Kong company ranked among the top 20 global logistics corporations and the top 5 in Asia.

The Supply Chain Asia Logistics Awards is the most prominent global award in the logistics industry. Each year, over 40 logistics corporations compete for the awards and winners were selected by a panel of distinguished judges comprising Asia’s leading supply chain academics and leaders.

Kerry Logistics is the first Hong Kong company to win this international recognition out of a fierce competition among a group of renowned global players such as Agility from Kuwait, Toll Global Logistics from Australia, Cosco Logistics from China and YCH Group from Singapore.

To win the Asian 3PL of the Year award Kerry Logistics had to satisfy the judges in a range of stringent criteria including the size and scale of the Asian network; IT know-how and systems; level of customer service; client partnering/track record in understanding, collaborating well with customers; launch/upgrade of new products and services on an ongoing basis to match market demand; reliability of service and value for money; ability to handle specialized shipments; level of local knowledge of developing Asian markets; approach to sustainability and social responsibility issues and approach to security and risk management.

The company strives to continue to provide competitive services and cost-effective solutions to support its customers’ long-term growth in the future.
